Illegals Do Not Deserve a Free Pass

According to former NYC Mayor Edward Koch, the push is on for providing amnesty to the estimated 12 to 20 million illegal aliens in this country. The supporters of this effort include President Barack Obama, former president George W. Bush, Sen. John McCain, Majority Leader Harry Reid, and New York Sen. Chuck Schumer, Sen. Schumer is now chairman of the immigration subcommittee previously chaired by the late Sen. Ted Kennedy, a major amnesty proponent. Amnesty supporters see themselves as taking the high road and claim that amnesty opponents are opposed to immigration, when nothing could be further from the truth. Many amnesty opponents actually support expanding legal immigration.

CHAIRMAN'S CORNER

Newt Gingrich tells us that our Republic is in great peril. The former Speaker of the House and author of the Contract for America says that President Barack Obama's record expansion of the federal government has placed our nation on a very dangerous path especially with the passage of the mostly costly entitlement programs of all times---a federal takeover of

health care. Gingrich warns that it is time for taxpayers to get united behind every conservative Republican committed to repealing this onerous new law and to restoring our freedom. We can't agree more and add to this that these are challenging times for local Republicans. Taking back Congress is the only way to ensure our freedom. This means that we must get together and stay together to make sure that David Dreier is reelected to serve our district in Congress and that we get behind our neighbors in Glendale, Burbank and parts of Pasadena to make sure that we retire liberal Adam Schiff and replace him with conservative John Colbert. John will be our guest speaker at our May 24th meeting and will be accompanied by his wife who is a prime leader in the Tea Party movement. This is not a time to sit on our hands and hope others will do the heavy lifting. This is a time to get behind the campaigns of Dreier and Colbert by attending our monthly meetings and by volunteering to help in these campaigns and participating in the Memorial Day parade and in our booth at Memorial Park during Fiesta Days in La Canada Flintridge.

MEMBERSHIP

We are continuing our efforts to expand membership of our LOCAL Republican organization, giving conservatives and like-minded people in our area a chance to become acquainted with, and participate in, our activities and share views with other members. In view of the crucial mid-term elections this year, it is important for all of us to become active and help spread the word about the Obama Administration and its legislative and other agendas to "fundamentally change" America by transfer of wealth, crippling debt, harsh regulations and loss of freedom. All of us can help in this effort by knowing the details of Obamacare, Obamanesty and Obamanomics and trying to educate friends, neighbors, and business associates to further the conservative cause of lower taxes, less government and devotion to the principles that made America great. You can discuss the issues by becoming an active member of our La Canada Flintridge Republican Committee. Remember, we meet once each month for dinner and have great speakers. On Saturday, July 17th we will be having a good time at a barbecue to be held at the lovely La Canada Flintridge home of Sookie Matthews. ***Encourage your friends to join our organization and share the work of turning our great nation around and back on track. For information about enrolling new members, please call Bob Long at (818) 421-0209.***

To on the lookout for further details on the BBQ in next month's The Republican or on our website www.LCFRepublicans.org

THE THREAT

Vigilance being the price of liberty, it is essential to let all of our members, friends, neighbors and associates know where our country is headed under our left wing administration. Mr. Obama believes in the philosophy of Saul Aulinsky, author of "Rules For Radicals," a primer for organization and control of the "disadvantaged in the big cities of America." He and others helped further Acorn's corrupt activities as a Community Organizer following Aulinsky precepts. Mr. Obama is dedicated to interpreting "social justice", including income redistribution in the manner of all Socialist regimes. Being the elite and best equipped to do so, he and his ideologues will make the rules for everyone, enjoying all the perquisites of office and more, while entrepreneurs and non-disadvantaged workers pay. These are a part of "The Dreams of My

Father," Mr. Obama's version of his "Mein Kampf". If we are to recover and retain our freedom, we must make the mid-term elections count. ***This means people must be informed and vote conservative.***

PROPOSITION RECOMMENDATIONS

Our board reviewed the propositions on the ballot and recommend the following votes be cast.

Prop.16 VOTE Yes Prop 15 VOTE NO

Prop.13 VOTE Yes Prop 17 VOTE Yes

Prop 14 VOTE NO

YOUTH

Our youth organization has arranged to have its regular meetings at the La Canada Flintridge Community Center instead of at La Canada High School. We thank the management of the Center for providing a place for our young people to meet where to exercise participation in the American political process. With the move to the Community Center the organization can now expand its membership to young people in the community from all schools without the limitations by being linked to the high school. This also means that college students can become an important part of this growing organization.
